“Fulfilling dreams, realizing emotions”

With this motto, we as “The Door Manufactory”, have a responsibility.

A responsibility to achieve great things!

We are pioneers with our products and unique in terms of diversity, uniqueness, quality and innovations. This enables us to fulfill almost all requirements and wishes.

A responsibility to the customers!

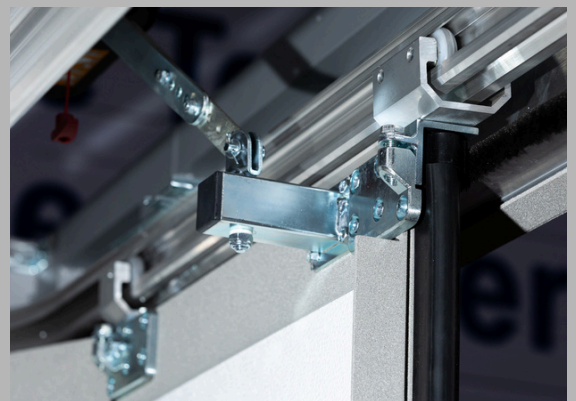

Reliable and long-lasting solutions are our top priority. Our products can only withstand daily use and the associated demands by using the highest quality materials.

A responsibility to ourselves!

Safety, stability and joy of life are important pillars in our society, in our lives! That is why we matter to ourselves. Because happy and satisfied employees are our engine and drive! Only in this way we can achieve great things!

A responsibility to the planet!

Our products reflect sustainability and resource-saving processing. Regional suppliers, short transport routes, organic insulation materials and a great deal of craftsmanship contribute to this.

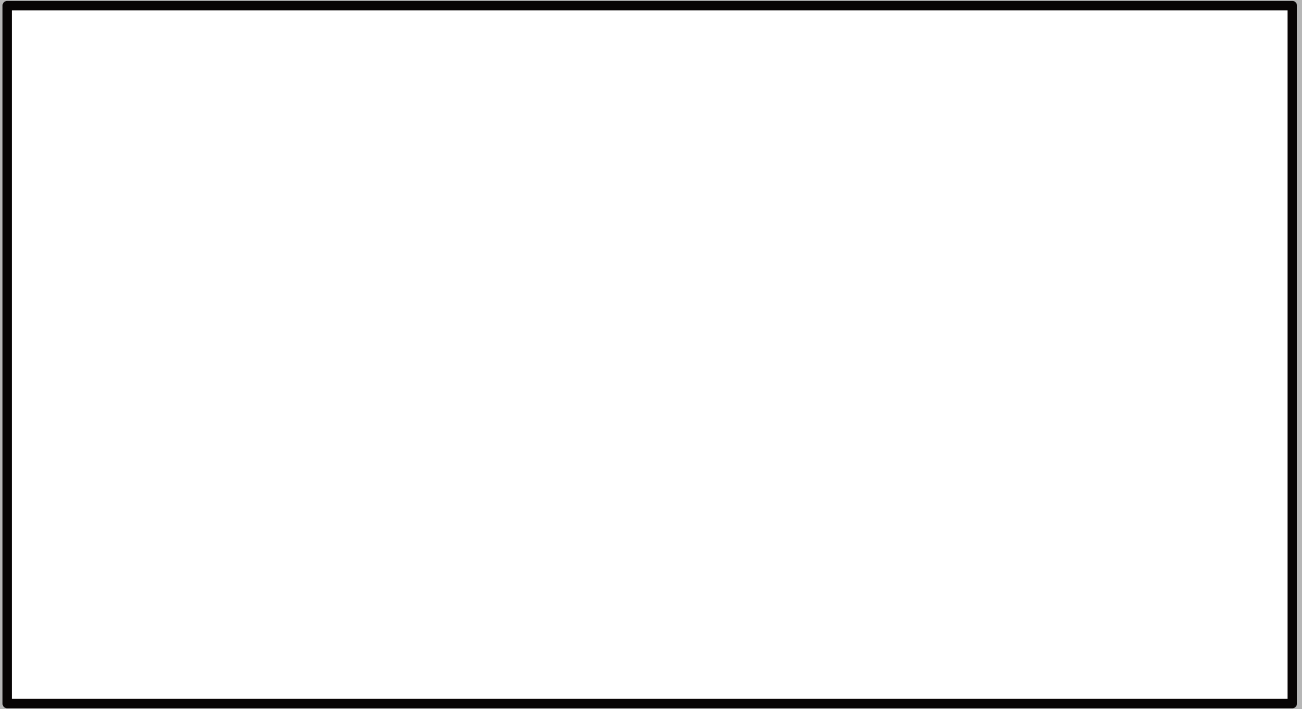

**We from “The Door Manufactory” don’t just make a promise,
we live it!**

Fulfilling dreams, realizing emotions!
